Protective equipment for fire-fighters	Wear full protective clothing, including helmet, self-contained positive pressure or pressure demand breathing apparatus, protective clothing and face mask.		
	6. Accidental release measures		
Person-related safety precautions Measures for environmental protection Measures for cleaning/collecting Additional information	Ensure adequate ventilation. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ventilate closed spaces before entering. Keep unnecessary personnel away. Prevent further leakage or spillage if safe to do so. Do not allow material to be released to the environment without proper governmental permits. Pick up and arrange disposal in suitable container. Clean contaminated surface thoroughly. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal.
